

Becoming a Protégé

GameMentorOnline is a joint effort between IGDA Women Special Interest Group and Women in Games International (WIGI). We are proud to partner with MentorNet.net to provide this service to our members!

The mentoring program is a semi-formal eight month program where you exchange weekly emails with a mentor. The estimated time commitment is about 15 minutes a week, but the benefits of gaining the knowledge of a mentor will last much longer!

To become a protégé, you must register on the MentorNet.net website. Please follow the instructions below to get started. Should you encounter any problems, please contact Karen Clark of WIGI at gmowigi@gmail.com or Anne Toole of the IGDA Women SIG at gamentorline@igda.org.

 29. View the [Matching FAQ](#) if you have further questions about the matching process.
